

Checkpoint GPS Co-ordinates

Whilst every effort has been made to ensure the accuracy of these readings they have been provided by a third party and therefore the Hawkesbury Canoe Classic does not accept any responsibility for any inaccuracies or omissions. The location of Checkpoint vessels will be dependant on safety, radio reception and prevailing tides and winds on the day. Every effort will be made to locate Checkpoints as close to these positions as practicable and prevailing operating conditions allow.

The readings were taken from two GPS units in the vessel at the paddler entry point to the Checkpoint. They were taken within seconds of each other.

The GPS readings are provided as a guide to assist paddlers utilising GPS in their craft.
